

MYVISION OPTICIANS
336 ALLERTON ROAD
BRADFORD
BD15 7BN

Dear Parent/Gaurdian

I hope this letter finds you well.

Did you know eye problems such as near sightedness, far sightedness and lazy eyes are seen in almost 20% of children. Unfortunately some of these eye problems can only be rectified in childhood.

MYVISION OPTICIANS have partnered with your school to launch the '**EYES AND SHINE**' campaign to raise awareness of the importance of eye health in children. We are committed to supporting the well-being of students in every way possible, and this partnership is an excellent example of that commitment.

As half term holidays approaches, we urge all parents/guardians to book your child in for a routine eye test. Children are recommended an **eye test every year** on the NHS. **We provide eye tests and glasses fully covered on the NHS.**

We prioritise children's appointments, with appointments available weekends, after school and during school holidays. You can make an appointment by calling the practice, book online or simply pop in to the Optician and one of our friendly team members will help you.

If you need any further information, please contact your school or MYVISION OPTICIANS.

Sincerely,

Mohammed Haque (BSc Optometry MCOptom)
