

## *Wider Curriculum*

### *Our school values are:*

#### Happiness

Celebrating achievement and diversity. Happiness is vital for our pupils to achieve academic success as well as motivate them as learners. Building solid relationships and moulding positive mindsets ensure that pupils at Crossley Hall are leaving as well-rounded citizens who are kind, express gratitude and contribute positively to their community.

#### Aspiration

The drive and passion to achieve anything and nothing is impossible, being determined, courageous and resilient learners. Crossley Hall pupils can challenge themselves as learners by being the best version of themselves in the supportive environment. This prepares our pupils to go on and achieve anything in this fast-changing, competitive world.

#### Inclusion

Identifying and removing barriers to provide equal opportunities for all our pupils. We are committed to ensuring our pupils are connected and feel apart of the school community. Our subject leaders have carefully designed a curriculum with equality, equity and diversity; understanding, appreciating and celebrating differences.

### *Our curriculum drivers:*

**Sequenced and  
Progressive  
Knowledge and  
Skills**

**An inclusive  
approach to all  
aspects of school life.**

**A renewed approach to  
mental Health and  
wellbeing of our pupils.**

**First hand,  
practical learning  
experiences.**

**A language rich curriculum  
where reading and language is  
central to all subjects**
